Stripes kickback...

Small bits of news, gossip and info for the terraces.

LFC go into today's match off the back of 3 successive victories. Although the performances can still improve everyone is still delighted we have managed to gain maximum points.

LFC welcome Ekerö IK for today's match and look forward to a hard contested match on the pitch. Ekerö have managed to pick up 6 points from their first 3 games with defeat coming in their latest match against Ångby IF, losing by 4 goals to 1.

LFC have some injuries for today's match with both Deri Thomas and Colm Kenny missing for the next few weeks due to knee and thigh injuries respectively. The LFC management team are disappointed to lose such important players already this season but are keen to emphasise that this gives other players a chance to shine and also the importance of having strength in depth.

LFC Ultras have been pleased with the start the team has made and hope for another victory today. Ultra legend Scot James has been at every match and completing his award winning match reports. "I'm pleased the team has started well and also the amount of people that have been attending. The team is getting more and more coverage in the community and I hope the support continues to grow"

Payer profile: ROBBIE GRAHAM

Robbie has been with the club since the beginning. He is the most capped player in our club and has played in every division as the club has progressed. Robbie is the club captain and plays in midfield for the stripes. Chris Latham, LFC manager said that he is delighted that Robbie has continued to develop as a player and be ever present for Långholmen this season. "Robbie is a player that can adapt for the team and also likes to get forward to score goals. He will as always be an important player for the club this season"

Age: 26
Favourite other club apart from Långholmen: Manchester United
Favourite player as a schoolboy and why: Andy Cole, I suppose because unlike Eric Cantona and Giggs and the like, he wasn't perfect, but still brilliant.
Most memorable match in a Långholmen shirt so many but I'll go for Viksjö at home in 2008. We won 3-2 and got our fight for survival on track.
Biggest influence during your football career: Probably Nick Short, our former manager. I never really played football seriously before joining Långholmen and he taught me so much over the four years that we worked together.
If you had the chance to go out for a couple of pints with anyone in the world who would it be and why: I would have a table of four. It would be me, Roy Keane, Stevie Wonder and Nelson Mandela. They are 3 people from different spheres of life that I inspire me and I'm sure that we could find a lot to talk about. Mostly women, I'd imagine.
