Stripes kickback... Small bits of news, gossip and info for the terraces.

At the beginning of the season the management team gave the players a goal of reaching 21 points thus giving them a great chance of survival in a tough division, beyond anyone's belief they have exceeded that already with half the season played and lie comfortably in second place only one point behind Marieberg. The team go into tonight's game without both Gary Phillips and Wilhelm Karlsson but welcome back Colm Kenny to the squad. The Stripes put in a great workmanlike performance away to Skå in atrocious conditions. The rain didn't stop the fans from singing and this helped the team in the second half, a second 45 that saw a wonder goal from striker Andy O'Sullivan. It was also nice to see Långholmen stalwart Deri Thomas make a comeback to first team action after a lengthy absence. It will be August before we see him back to his best though. Visitors this evening are Olympiacos, also a young club in the Stockholm league system, being founded in 2005. Like Långholmen they have climbed up the divisions at an impressive pace. The players to watch are attackers Claudio Pererya and last seasons top scorer Smajo Smajlovic. They will be full of confidence after a great win against fellow challengers Ångby at the weekend, Långholmen will be taking nothing for granted in this game. The team hope for the same vocal backing that has been so vital this season.

/ Scot James

Another win for Långholmen on a difficult away day has seen us keep the pressure on the league leaders. The team will be hoping to make it 6 wins in a row this Wednesday night against an improving Olmpiacos FC who themselves will be in confident mood for tonights match after beating Ångby last time out.

Speaking ahead of tonights match Chris Latham had these words to say "The whole club is looking forward to this match and we hope to end the first half of the season with another fine performance. The squad is getting back to full strength so I will be expecting another strong performance tonight. Olmpiacos will play a certain style so its important that we play to our strengths and stay focus for the whole 90minutes. I would like to thank all the supporters for the fantastic support we receive week in, week out and on behalf of the management team and the players we hope to give you the right result tonight and you all have a great summer break." Come on the stripes!!

Player profile: STUART LASCELLES Position: Defender (Player/Manager)

- ◆ **You have been at the club a few seasons now Stuart, what are the main differences you see now compared to back then?**
- Apart from the better standard of players/opposition I would say that the whole structure of the football club has moved forward at a very quick pace. I won't go into all the details but would like to say LFC is lucky to have all its committee members
- ◆ **Who has been the most influential person during your footballing career?**
- Paul Norris, one of my managers from back in England.
- ◆ **Goals must come few and far between for you Stuart, do you have any that stick out in your mind?**
None of the goals for LFC stick out but 10 years ago I scored my one and only hat-trick so any of them!
- ◆ **Which football stadium in the world would you most like to play at and why?**
Easy - Upton Park - for obvious reasons.
- ◆ **Tell us how you normally prepare yourself on match days?**
- Cup of tea, bowl of weetabix and kiss from Erica. :)
- ◆ **Do you have any superstitious rituals before matches, like standing on one leg while singing the Macarena as an example?**
- Might try that one!, no not really.....when I played back home I was the 'wind up' man on the team so basically every game I was making sure someone got stitched up! I've grown up since :)
- ◆ **List four people dead or alive that you would like to have a cold beer with and what would you talk about?** Genghis Khan, Alexander the great, Bobby Moore, and John Lyall.....I love history and football so those would be the topics.
- ◆ **Where do you see the club in five years time Stuart?**
- My opinion is that the club will to continue to grow quickly, who knows where that will take us but I look forward to being a part of it.
